Dear Jack,

I had the privilege of leading the visitation team for Camp Kootaga on June 23rd.

Your Camp Director, Keith Morrow, and Scout Executive, Dale Musgrave, were excellent hosts and we were treated very well.

We found your camp facilities and program to be just fine and in compliance with all of the standards of the National Council. Therefore Camp Kootaga is a Nationally Accredited camp for the 2010 season.

The only slight problem we found, which was corrected immediately, was that one of the program areas had some axes and bowsaws that were not sheathed.

We were very impressed with the new log building which is currently under construction.

While I was there, I also inspected your climbing program & tower. Your Climbing Director, Ryan Campbell, showed me all his records and equipment. I found the program to be in full compliance with all National standards and was able to declare your climbing program to be Nationally Accredited.

You should be proud of the excellent program that all of Camp Kootaga's staff members are providing for your campers.

Best wishes for the remainder of the 2010 season.
